KENNEDY WINS

Fails to Carry Randall County

Vice-President Richard M. Nixon officially conceded the election for President of the United States to John F. Kennedy of Massachusetts Wednesday morning by wire.

Election results were not final at presstime but Kennedy had unofficially taken over 300 electoral votes to Nixon's 185. Popular vote reflected a much closer race than shown by the projected electoral vote. When national votes passed the 60 million mark there was only 500,000 votes difference.

Texas, considered a toss up by polling experts, turned its support to Kennedy. This statewide trend to Kennedy did not show up in the Panhandle and Randall County.

Randall County backed Nixon over two-to-one.

With all but precinct 11 counted, Nixon polled 6,219 votes to president-elect John F. Kennedy's 2,881.

Kennedy's running mate, Senator Lyndon B. Johnson, in his bid for retaining his seat in the Senate, held it in state returns but Randall County gave Republican opponent John Tower a 1,000 vote lead over the senior senator. Tower polled 5,044 votes to Johnson's 4,036.

Johnson's bid for vice-president, in addition to his bid for the senate seat, will cause Texans to bear the cost of a special election within 90 days after his senate position is vacated.

Incumbent governor, Price Daniel, kept his position and both state and county returns reflected this. Randall County gave 6,373 votes to Daniel and Republican candidate William M. Steger took 2,916.

All county offices were filled from the Democratic slate on the ballot. L. S. "Slim" Johnson was returned to office of sheriff; Bill Money, county tax assessor-collector; Glenn W. Dowlen, county commissioner; precinct 3; W. A. "Bill" Wilson justice of the peace, precinct 1; Wayland Angel, county judge and ex-officio school superintendent.

Happy Scouts To Sell Bulbs

Cub scouts of Happy are conducting a light bulb sale November 19, according to Robert Lee, cubmaster of Pack 34. Lee said the cubs will be selling a package containing two 60 watt, two 100 watt, two 75 watt and one 150 watt bulbs. Total value of this package is \$2.11 and the cubs have theirs priced at \$2.00.

Lee urges everyone to contact his nearest cub and take advantage of the sale.

ent. B. R. Jones will assume duties of county commissioner, precinct 1 for the first time in 1961.

Breakdown of the county's vote for president, governor and senator are:

Absentee: Kennedy 275; Nixon 516; Daniel, 570; Steger, 228 Tower, 401

Precinct 1 (American Legion Hall): Kennedy, 230; Nixon, 517; Daniel, 585; Steger, 242; Johnson, 388; Tower, 393

OVER 60 MILLION Americans exercised their voting privileges Tuesday and turn out in Randall County approached 10,000. Above, Charles Chambliss is shown dropping his ballot in the box at the junior high precinct. John Taylor, election clerk, is shown at the right.

Thousands Attend Parade, Barbecue, Homecoming Game

Threat of bad weather prior to the crisp sunny Saturday probably decreased the usually large crowds for West Texas State College's annual Homecoming celebration, but several thousand ex-students, students and area visitors turned out to make the affair successful.

Climaxed by the Buffaloes' victory, 28-0, over the Tri-University Tigers, and after the opening parade and barbecue, the day became primarily one for the college's exes to renew old acquaintances.

A parade, which took at least 30 minutes to pass a given point, opened festivities with a march up Third Avenue and back down Fourth. About 20 floats, ten area high school bands, and nine riding clubs participated.

Winning float in the commercial division was Warren's, a gigantic evening dress worn by Barbara Shepard of Amarillo. The fountain of youth displayed by Chi Omega sorority was overall float winner. Winners of dormitory decorations were Conner Hall, featuring a ghostly buffalo, first; Terrill Hall and its Jersey Lily, second; and Randall and Guenther halls, tied for third.

New officers for the WT Ex-Students Association were chosen at an afternoon business session. New president is W. H.

Brian of Amarillo. Other officers include E. G. Shuhart, of Dalhart, first vice-president; Mrs. Zell SoRelle of Amarillo, second vice-president; and Frank Barrett of Hereford and Mrs. Leo Gardner of Tulla, members of the board of directors. Other board members are Jack Taylor of Canyon, immediate past president, and John Damron of Claude and Joe Fortenberry of Amarillo.

With Walter Jetton of Fort Worth catering, the barbecue drew an estimated 3,000 at old Buffalo Stadium.

Homecoming Queen, Roxie Adkins of Crowell, was crowned in the Homecoming assembly Thursday, and was featured with her court, in the parade, at the ball game, and at the dance Saturday night. The dance featured the music of Carlton Scales and his orchestra and was final event of the celebration.

An intrasquad basketball game in the field house showed the varsity and freshman cage squads of Coach Metz LaFollette to interested spectators.

Club teas and smokers for exes of various organizations were featured after the ball game around the campus and in Canyon homes. Among those getting together were the exes of the T-Club, former WT athletes.

About 50 members of the Class of 1935 and their wives and husbands returned for their silver anniversary celebration. Each member attending was presented a silver tray, traditionally given by the Ex-Students Association for the occasion.

Shows will begin at 8 p.m. each night. Admission will be by community film series ticket. Some individual tickets will be available at the door.

'Birth of Nation' Next On Film Series Slate

American classic "The Birth of a Nation" will begin a two-day run at the Olympic Theatre Tuesday and continue Wednesday.

Second in the Community Film Series, the D. W. Griffith production was a classic almost from the first showings in 1915, with more than 100,000,000 people seeing the film.

Shows will begin at 8 p.m. each night.

Admission will be by community film series ticket. Some individual tickets will be available at the door.

WINNING THE commercial division competition in the homecoming parade was the above entry by Warren's. Barbara Shepard of Amarillo wore the gigantic dress.

"FOUNTAIN OF YOUTH" was the winning float of the homecoming parade. Float was sponsored by Chi Omega sorority at West Texas College. Green was the predominate color and gold was used on the fountain.

WAVING A FOND farewell to Panhandle supporters last week, John F. Kennedy and Lyndon B. Johnson headed for a national victory this week. While at the Amarillo airport Kennedy promised prosperity to farmers, ranchers, oil people, small businessmen and the labor group.

Canyon Eagles End Season Friday in Tulia Contest

Canyon Eagles go into their last game of the season, a conference meet with Tulia, with a season standing of two wins, one tie and six losses.

This final game will be played in Buff Stadium Friday night. Kickoff is at 8 o'clock.

This game marks the last on a highschool gridiron for Jim Killingsworth, Jerry Reynolds, Dwight McGehee, Bill Callarman, George Pritchard, Joe Triplett and Jim Cook.

Conference standing is one win, one loss and one tie. In last week's tie game with Dalhart the Eagles came through with a 64-yard pass play in the fourth quarter to even the score and upset Dalhart's bid for conference crown.

Dalhart got the scoring off to a start in the first quarter when John Keplinger, halfback, ended an 85-yard drive to the goal. Keplinger took the ball over from the 7-yard line. Kicking attempt failed.

Early in the second quarter Canyon began a 65-yard drive ending when halfback Harry Lisle carried over from the 1-yard line. He ran the conversion to put the Eagles out ahead 8-6.

Late the second quarter the Eagles lost the ball on a fumble at the Dalhart 19-yard line. Dalhart came back the 81 yards needed to score and Tommy Ledbetter drove over from the 9-yard line. Gary Selby ran the conversion to give Dalhart a 14-8 lead at the half.

The third quarter went scoreless and in the fourth quarter the Eagles pulled their pass play to even things up. The Eagles were caught on the Dalhart 4-yard line by the final gun with a first and goal.

Boys' Ranch Founder to Speak at 4-H Banquet

Randall County 4-H Club youngsters will get recognition at an annual awards banquet scheduled for 7 p.m. Saturday in the American Legion Hall. Top awards to be given are the recognition of a Gold Star Girl and Boy, made each year to the boy and the girl who has done outstanding 4-H work throughout the year.

Other awards will be made to county youngsters in 18 fields. Typical fields are agriculture, home economics, leadership, recreation, and electrification. Cal Farley, founder of Boy's Ranch, will be guest speaker for the event. Farley's topic has not been announced.

Adult 4-H leaders in charge of planning and decorating for the event are Mrs. Lewis Tuck, Mrs. Alvin Friemel, and Mrs. Forrest Grunter. These ladies will also prepare the meat for the event.

Each 4-H youngster is to bring a vegetable, a salad, and dessert for his family.

A harvest theme will be followed. Winners of the Gold Star Girl and Boy, their families, and Mrs. Mona K. Hildreth and John Brazzil will be guests at a district banquet for winners December 3 in the YWCA Building in Amarillo.

Buff Ducats Sell for 50¢

Tickets to the West Texas-New Mexico State bout here Saturday are on sale for 50 cents.

Special price requires that a person purchase \$5 worth of groceries at Cooper's Bellah's, Taylor and Sons, Buffalo Food, Harwood's or Graham's.

This will be the last game of the season for the Buffs.

Mrs. Mahle Dies in Bryan

Mrs. Lamar Mahle, aunt of Mrs. Carl Hair and Lenton Mahle, died Sunday in her home in Bryan.

Mrs. Hair and Mr. Mahle attended the services, held Tuesday in Bryan.

One Wreck Reported This Week

One car wreck, involving major damages, was reported this week by the city police department.

Judy Taylor, driving a 1960 Falcon, rammed into the back of a car parked at 1001 7th Street Monday night, according to patrolman George Hinch. Parked car belonged to John Guthrie.

Total damages were estimated at approximately \$350.

Brother Of Local Man Dies Nov. 3

Henry Williams, brother of John L. Williams of Canyon, died Thursday, November 3, 1960, in El Paso.

Burial was at Sierra Blanca, Texas. John L. Williams was unable to attend the funeral.

Paving Postponed At City Commission Meet

Alley paving behind businesses around the square was postponed until spring at a called city commissioners' meeting Thursday, November 3.

"There is a possibility that we will have bad weather in the process," city manager Bill York pointed out. "The paving just wouldn't stay down if it froze."

Ordinance imposing a fine for display of commercial goods on city property was passed on at the meeting and November 18 was set as date of enforcement. A caption of the ordinance is found on this week's classified page.

Space in front of Duane Howard's place of business was set aside as an alternate bus stop.

York notified bus company officials the space was available.

Sorority To Hold Car Wash

Delta Zeta, national social sorority at West Texas State College, will sponsor a car wash Saturday at Morrison's Shamrock Service Station.

Cost will be \$1.98 with proceeds going to Delta Zeta. Patrons may call Morrison's located across from the WT Field House, for appointment or may bring their cars by the station Saturday.

Request from Marshall Rockwell Jr. for a liquid petroleum filling station along 23rd Street at 5th Avenue was denied. Commissioners said the area was considered a congested zone.

Block 10 of Bomar Heights was sold to E. D. Collier at the meeting. Collier was the only person to submit a bid on the block after being advertised in the Canyon News. Lot went at \$116.

Last action taken by the commissioners was to set the second and fourth Mondays of each month as regular meeting dates.

FROM THE CANYON RIM

LETTER TO THE EDITOR

271 5th Ave., Apt. B
Canyon, Texas
5 November 1960

Editor
The Canyon News
Canyon, Texas

Dear Sir:

In your editorial, "Vote for Freedom", on Thursday, 3 November 1960, you have used a number of emotional, meaningless words as the basis of endorsing your choice for the Presidency. From analyzing your editorial, I see that you are against:

- "welfare statism"
- "a semi-socialistic state"
- "left wing" and "a so called liberal ticket"
- "confiscatory taxation"
- "BIG BROTHER GOVERNMENT"

f. against Mr. Kennedy because of his "stand against free enterprise." Conversely, you are for:

- "a patriotic America"
- "our beloved LAND OF THE FREE"
- "individual freedom"
- and keeping America "the LAND OF OPPORTUNITY."

Upon this basis, plus some personal slaps at Mr. Johnson, you urge your readers to vote for the Republican candidates for President, vice-president, Senate, and governor. The basis of this support is meaningless and hollow because the above quoted words are purely emotional, and have no commonly accepted definitions. Some of these words are not definable at all in any scientific way. Looking first at the words in your "AGAINST" column,

a. "welfare statism." By welfare statism, I assume you mean the government (at the Federal, state, and local levels) providing very comprehensive welfare programs. The amount of welfare expenditures required for welfare statism is indeterminate. If one obtained figures on these expenditures as the percentage of the population receiving the welfare payments, as the percentage of the government's budget going to welfare funds, or as the total amount of money paid out in welfare payments; this still would not provide any meaningful basis for determining the degree of welfare statism. Upon what basis would one decide which governmental functions were welfare and which are not? Are highway programs to be

Independence.
We do not apologize for loving our country and becoming emotional when we write about her welfare.

classified as welfare functions? Certainly they provide a great deal of welfare to our society by providing roads over which we can drive our increasingly large number of automobiles. Considering roads, schools, electrification, the post office, unemployment insurance, Social Security retirement, national defense, and a farm program; which are welfare functions and which are not? What basis can consistently be used for classification? And when does a nation cross the line in becoming a "welfare state"? If this word cannot be fully defined, how can we trace the "after effects of welfare statism here and abroad?"

B. "a semi-socialistic state." Socialism is not completely definable. Generally socialism means outright government ownership and operation of the key, basic industries in an economy. Clearly there is very little direct government ownership and operation in our economy. Neither is there any possibility of this in the near future, regardless of the outcome of this election. Government regulation is a reality in our society, but this is not socialism. The government has regulated in our economy since its very beginning in the area of tariffs. Government regulation has been extended to the railroads, public utilities, monopolies, unfair competition, labor and management relations, false and misleading advertising, television and radio licensing, airline routes, and many other areas. In practically all the above instances, the government was regulating in the interest of the private citizen, and at the request of the individual acting through his elected representative.

Socialism does not mean dictatorship, government regulation, government taxation, or anything else that we just don't like. As accurately as possible, socialism means government ownership and operation of the basic industries, and only that. Evidently "semi-socialistic" means partial or "semi" ownership of the basic industries by the government. How "semi" is "semi-socialistic"? How socialistic is the United States, and how socialistic is it likely to become in the future? What could be used as a ruler to measure socialism?

Neither Mr. Kennedy nor Mr. Johnson have, as you stated, avowed their "intent to turn our LAND OF THE FREE into a semi-socialistic state." You may have interpreted their policies to mean this, but by any meaningful definition of socialism, you are in error.

c. "left wing" and "a so called liberal ticket." The definition of "left wing" or "liberal" is a constantly changing concept. What one person would consider liberal, another may consider conservative. What was considered liberal in the past may be considered conservative in the future, and what is liberal in one section of the country may be conservative in another. My definition of a Republican is Mr. Shivers' definition of a Democrat. Theoretically a liberal or a left-winger is one who would advocate change, and a conservative or a right-winger is one who would advocate the status quo. Has Mr. Johnson betrayed anyone by running for the office of vice-president of the United States on a "so-called liberal ticket?"

d. "confiscatory taxation" must be defined as an appropriation to the public treasury, by way of penalty. Taxes are high, but by no stretch of the imagination can they be considered "confiscatory." The Federal budget is approximately \$80 billion per year. Over 75% of this goes for national defense, or for the payment for past wars. Taxes may be a burden to all of us, but they are not confiscatory, and since our nation is not occupied by enemy troops (German, Italian, Russian, or Chinese), it seems that we are getting our money's worth. National defense is the largest portion of our Federal expenditures (approximately one-half), but neither candidate has advocated less expense on national defense. They are both for increased spending for our defense, and unless our economy grows, it will be necessary to increase taxation in order to finance these expenditures. In light of the above definition, no matter how high taxes become, it should not be a penalty for the American people to pay them.

e. Evidently by "BIG BROTHER GOVERNMENT" you mean a government that controls all action, thought, and work of all the people in the society. That type of government illustrated by George Orwell in his book 1984. No recommendations of this type have been made by Mr. Kennedy or

LOUIS MACHUGA was recently appointed Boy Scout district executive. He lives in Hereford and is responsible for the Hereford and Canyon area. A graduate of Texas Western College at El Paso he has just finished the 227th national training school for scout executives in Mendham, New Jersey.

Mr. Johnson. Whatever you mean by this phrase, it is non-descriptive and empty; only an emotional, scare phrase.

f. It is inconceivable to me how anyone could possibly read into any of Mr. Kennedy's speeches or writings that he is against "free enterprise." The only alternative to "free enterprise" is government ownership and control of all economic activity, in short the Russian brand of communism. Under socialism, free enterprise is operative in all but the basic industries. If Britain is to be considered a socialistic economy, it is certainly not evident that free enterprise is hindered in any way. Britain is still a nation of shopkeepers. Free enterprise means the private ownership of the factors of production: Land, Labor, and Capital. No one in this election has advocated that they be owned by anyone else.

On the "For" side of the ledger, you for "a patriotic America," "our beloved LAND OF THE FREE," "individual freedom," and keeping America "the LAND OF OPPORTUNITY." Everyone else is for these goals, but again we would have trouble coming to any commonly accepted definition for any of these terms.

No American could possibly be against any of these goals; even the Constitution party and the Prohibition party are for these goals. The difference of opinion comes in determining how these goals could best be obtained. You have stated that they can best be attained by having Republican administrators, but you have given no reasons. The editorial would be empty and unimportant were it not for the fact that you have used the above terms in an emotional way in order to influence your readers to vote for the Republican slate of officials. On the basis of no real reasons, only because of your own personal preference, you urged your readers to vote for Nixon, Lodge, Tower and Steger.

Your responsibility to your readers goes beyond asking us to vote for someone just because, for no particular apparent reason, you are for them. There are some very real and important issues in this election. Those of us who want to be informed voters, and not just emotional sheep, want some facts upon which to base our opinions. I believe that the newspapers in our country should attempt to do their part to satisfy this need, by giving us the facts, not emotional propaganda.

Sincerely
Jackie W. Wilson

WT Typing Service Serves College, Community Groups

By Judy Hatley
WT Journalism Student

WTSC's typing service printed 847,490 copies of multilith and mimeograph material, and addressed 102,802 pieces for mailing during 1958-'60.

The typing service not only serves college faculty members and students, but also handles typing jobs for Canyon church and community groups.

Mrs. R. D. Oldham of 1301 4th Avenue is supervisor of the service. She has a three-member staff: Carolyn Morris and Roxanne Adkins, both sophomores, who are from Canyon and Crowley, respectively, and Marlene Dietrich, Tulsa freshman.

The service handles all types of duplication, mimeographing, term papers, theses, and addressing for clubs, "The Prairie," the Ex-Student Association, churches, and year-

books. The office is located on the first floor of the Administration Building at the south end of the building.

Until ten years ago, typing service was a part of the bookstore. "When we moved to the Administration Building, we

became a separate department," said Mrs. Oldham.

There is no advertising done for the typing service; it is sort of a "word of the mouth thing." Business is brought to the office from Canyon and towns of the surrounding area, including Hereford, Amarillo, Tulsa, and Dimmitt. "This extra business keeps my staff and me very busy," said Mrs. Oldham. During her 10 years in the Administration Building, she has taken only a week off for vacation.

Typing service is open during the entire year. Hours are 8 a.m. to 12 noon, and 1:30 p.m. to 5 p.m., Monday, Wednesday, and Friday. Hours for Saturday are from 8 a.m. to 12 noon. Charge for each double-spaced page of a thesis, term paper, or theme is 20 cents. Other pieces are priced differently.

"We've had our share of problems the same as any other department," Mrs. Oldham observed, as she told of an incident which happened when the office was located in a very small room just off of Dean Lubbock and Fort Worth on the afternoon of November 26. The had broken into the office in cars will be put on the same train in Kansas City. The first tests. The breakers-in used stop will be in Chicago to attend the world famous inter-edges of some of the tests. None were stolen, but all new tests had to be made out and run off the next morning. Now, a complete count is made of each set of test papers.

Club Plans Parties

Plans were made for Thanksgiving and Christmas parties when the Green Haven Home Demonstration Club met in the home of Lillian Sherrub on Camp Lane at 9:30 a.m., November 7 with Mrs. Vivian Wheeler as hostess.

Club will hold a Thanksgiving luncheon November 21 at 12 noon in the Colonial Cafeteria in Amarillo.

A Christmas dinner will be held for members and their families in the Hospitality Room of the First State Bank of Amarillo December 10 at 6:30 p.m.

Christmas ideas was the program.

Each member brought something she had made, and the gifts and decorations were displayed by Louise Frye and Mary Helen Laing.

Opening exercises were a television slogan quiz game, conducted by Mary Helen Laing. Gifts were given to the high and low scorers.

Refreshments were served to 17 members and two visitors, Mrs. John McClure of Amarillo and Mrs. George Moody of Fort Worth.

Season Closed On Canvasbacks, Redhead Ducks

Canvasback and redhead ducks have been placed on the fully-protected list in all areas, according to Bob Darnell of the Department of Interior.

The drive is based upon the premise that there is a possibility that nesting conditions for these two species will be improved next year and that as many birds as possible should be returned for next year's breeding season.

The canvasback drake has a red head, black breast and rump with a white body. The redhead drake also has a red head, black breast and rump with a gray body. Both species leave water with a running takeoff.

Simons Have Girl

Mr. and Mrs. Jimmy Simon became parents of their first daughter Saturday.

The 5 pound-12 ounce baby was named Melinda Gail. She has two brothers, Albert Dale, 3 years old, and Phillip Don, 2 years old.

Melinda Gail was born in Nebbett Hospital. Her maternal grandmother is Mrs. J. E. Hunter of Canyon, and her maternal great-grandmother is Mrs. Ross Richardson of Beaumont, California.

Mr. and Mrs. Frank Simon of Amarillo are the paternal grandparents. A Canyon woman, Mrs. Mary Simon, is paternal great-grandmother.

LAST PLAY of the Delhart game shows Harry Lisle trying hard to find pay dirt. Lisle took the ball to the 4-yard line. The gun stopped the game when Canyon had a first and goal to go. (Photo by Ronny Davis)

Rotarians Hear Talk On Fifth Amendment

Dr. Lowell Harrison was guest speaker Tuesday noon as the Rotary Club met at the high school cafeteria.

Meeting was held at the cafeteria in honor of American Education Week. Many of the Rotarians toured the new high school building before the luncheon.

Dr. Harrison is head of the history department at West Texas State College. He spoke to the club on the fifth amendment of the United States Constitution. This amendment allows a person to refuse to testify against himself on the

grounds that he might be incriminating himself.

Post Office To Conduct Stock Count

Rural mail carriers from the Canyon post office will leave some livestock survey cards along their routes beginning November 16.

Postmaster Marion Higdon said that information reported on these cards is used to set the yearly inventory of livestock and poultry on Texas farms.

"Not every rural box will get a card, and for this reason, it is important for everyone who gets a card to return it filled out so that USDA can get a true sample of the state's livestock holdings," Higdon said. He also stated that the annual survey has been a joint undertaking of the post office and the agriculture departments since 1924.

Carriers W. E. Miller and O. B. Redman will be assisting with the survey.

Pledge Day Coming Up For Baptists

The First Baptist Church of Canyon will observe Pledge Day Sunday, November 13, as they seek to over-subscribe a budget of \$109,730 for the 1961 fiscal year. The church voted October 30 to accept the proposal of the budget committee. In adopting its largest budget in history, the membership proposes to give \$210 per Sunday during 1961. This amount is almost \$100 per Sunday higher than the present budget requirement.

Each member of every family in the church has been mailed a pledge card, which is to be returned to the church on Sunday. Those who are not present Sunday will be visited in their homes by teams of men in the church, directed by Raymond Raillard. It is planned to give every person in the church an opportunity to pledge to the budget.

In discussing the budget, the pastor, Dr. Strauss Adkinson, stated that though it is a challenging amount, the requirement is entirely within the capabilities of the membership.

The 1961 budget exceeds that of last year by over \$5000.

You've never driven a heavy-weight like this one!

HERE! EASIER GOING FOR THE DRIVER AND THE LOAD. LONGER LIFE FOR THE TRUCK!

'61 TORSION-SPRING CHEVROLETS

If you don't think scrapping the front axle has made a world of difference, you haven't driven a Chevy in a while. A few minutes behind the wheel and you can feel why drivers are happier and breakable loads are better protected. But the biggest advantage of all, you'll realize, is that the truck itself (sheet metal, tires, chassis components, everything) takes less abuse. With independent front suspension soaking up road shock and vibration, the truck lasts longer, goes extra thousands of miles before trade-in time. Add that to what everybody's always known about Chevy dependability and you find yourself looking at the soundest truck investment you could bet your business on.

and look! NEW REAR-ENGINE CORVAIR 95's

A panel and two pickups that put a thrifty air-cooled engine in the rear, the driver up front and as much as 1,900 pounds of load space in between! That's more capacity than a conventional half-tonner. Yet these Corvaire 95's are nearly two feet shorter from bumper to bumper. Highly maneuverable. Built to last and bound to save on a busy schedule!

CORVAIR—Side doors open a full 49" wide. Loading height is a low 14" lift!

Bufs Face NM

The nation's 15th-ranked major college football team, New Mexico State, will come to town Saturday night for a joust with improving West Texas State and a record crowd is forecast for 20,000 seat Buffalo Bowl.

Wide-spread interest has been shown in the Border Conference game and the crowd is expected to easily exceed the previous high of 11,000 (Texas Western, October 8) in the two-year-old natural bowl. Kickoff time is 7:30 p.m., and it will be the last home attraction of the season for coach Joe Kerbel's forces.

The rampaging Aggies, holders of the longest winning streak in the nation with 11 in a row over two seasons, will bring a basket full of national team and individual honors to the Texas Panhandle. In this week's AP poll, coach Warren Woodson's Cinderella team ranked above such national powers as Army, Rice, Texas and Syracuse, and Sports Illustrated Thought enough of the squad to devote four pages to the New Mexico gridders in the November 7 issue.

The Aggies have rolled up seven straight wins this season most of them by lopsided scores. They currently top the nation in scoring with a 38.9 average, and rank second in total offense with 394 yards per game.

A glance at the Aggie personnel shows you why this has been possible. Halfbacks Pervis Atkins, 6-1 and 190, and Bob Galters, 5-10 and 210, are sprint stars who can run the 100-yard dash in 9.6 and 9.8, respectively. Galters tops the nation in rushing with 917 yards in 138 carries and in scoring with 98 points. Atkins led the nation in both of these departments last year but is used more as a pass-receiver and blocker this season. Nevertheless, his brilliant running, including a 96-yard punt return, against Arizona State two weeks ago netted him the honor of AP "back-of-the-week".

The other two members of what Sports Illustrated calls "the nation's best college backfield" are just as brilliant. Quarterback Charley Johnson, 190-pound senior, is fourth in

the country in passing and fifth in total offense. Fullback Bob Jackson, 225-pound battering ram from Riverside, J.C., Calif., is difficult to contain and provides the power of this fearsome foursome.

The line is beefy, also, and comes in for its share of the plaudits. The Aggie forward wall will outweigh the Bufs about 15 pounds per man, and the backs will have a 25-pound bulge.

Coach Kerbel calls New Mexico State the "best team by far we have met this year. Our only hope is that their fast boys will overrun our players

and give us a chance to do something."

After losing its first four games, West Texas' young inexperienced club has won three of its last four outings with wide-open, interesting football. The improving Buff defense, which has blanked two of its last three opponents, will get a severe test Saturday night.

The bright light in West Texas offense has been a freshman fullback, 190-pound Jim Densman from Mission. He scored the first two touchdowns in the Bufs' 28-0 win over Trinity last week, and now leads the club in scoring with 30 points.

PO Banquet Held in Amarillo

Employees of the Canyon Post Office and their families held banquet at the Colonial Cafe.

Happy Exes Tap Officers

Officers were named in an organizational meeting of a Happy Alumni Association in Happy Elementary School Auditorium recently.

Mr. and Mrs. Ray Spear will head the ex-student group as presidents.

Other officers are Mr. and Mrs. Corliss Currie, vice-presidents; Mrs. D. L. Allison, secretary; Mrs. Eugene Sims, historian; Cecil and Billie Wesley, publicity.

Any person who has been a student or a teacher is asked to send his name and address to Mrs. D. L. Allison, in order that the name may be included in a file.

Plans are being made for a Homecoming for next October. More definite information will be available at a later date.

teria in Amarillo.

Inspector A. W. Pfannmiller was guest speaker. He discussed improvements in postal service since he started his career.

Those attending were Mr. and Mrs. Glenn Haynes, Mr. and Mrs. O. B. Vaughn, Mr. and Mrs. Delbert Davis, Mr. and Mrs. Luke Miller, Mr. and Mrs. Bob Hall and children, Frank and Barbara, Mr. and Mrs. Ross Russell.

Mr. and Mrs. W. M. Higdon and Dorothy, Mr. and Mrs. George Stevens, Mr. and Mrs. J. W. Malone, Mr. and Mrs. Earl Byerley, Mr. and Mrs. Carl Hair, Sandy and Gary, and Mr. and Mrs. Lee Roy Moreland, Andy and Chris.

Garden Club Sets Meeting Tonight

A program on dry arrangements will be presented tonight before the Canyon Garden Club, meeting at 7:30 p.m. in the W. A. Warren home.

Mrs. W. R. Crow will give the program.

SOCIETY NOTES

Within the past two weeks, the News has received several requests from club reporters, asking what type of information should be included in stories about club activities.

Feeling that more people might have some questions, we'll try to list a few of the items that occur most frequently. Some occur only in stories about meetings that have already happened, and others are details about future meetings.

Most obvious items to be included are those known as the Five W's—who, what, when, where, and why. These are time and place of meeting, name of the hostess, program topic and who presented it, and, of course, the name of the club.

More details can usually be added to bring out more interest and information. Such things as what the speaker said, names and purpose of committees appointed, business transacted, resolutions passed, and reports may be given for a more detailed report of a meeting.

Other things that should be discussed by a club reporter are awards made or announcements of club-sponsored events that may be publicized such as

a white elephant sale, covered dish supper, or a joint meeting with some other group.

Minor details that may be included are length of meeting, an estimate of the attendance, and name of presiding officer.

Quite often there will be changes in arrangement or wording of a story sent in by a reporter. It's not meant to be a reflection on the reporter. Changes are usually made because we already have several stories in that pattern or because we are trying to work around a violation of our style concerning punctuation, abbreviations, and capitalization.

There are two other recommendations I would like to make to club reporters.

One is that they use the husband's name when they are talking about a married woman. For example, use Mrs. Joe Blow, instead of Mary Blow. Many people who will read the story will not know whether Mary Blow is married to Joe or John Blow.

The other recommendation is that if possible the reporter should include a telephone number that we may call to check information or ask additional questions.

9 Attend District DAR Meet

Nine persons from the Esther McCrory Chapter of the Daughters of the American Revolution attended a Division One meeting of the State Society of DAR in Lubbock last week.

Mrs. H. A. Lattimore, local regent, introduced Mrs. Edgar R. Riggs, state regent, who conducted both morning and afternoon sessions.

Reports and suggestions were given in such fields of activities as national defense, conservation, Americanism and citizenship. DAR supported schools, student loans and scholarship, by state officers and district chairmen.

Luncheon was served at the Woman's Building. Table decorations carried out the banquet theme. The decor was further enhanced by place favors presented by business men.

The Nancy Anderson Chapter was in charge.

Those attending from the Esther McCrory chapter were Mrs. L. V. Credit, regent; Mrs. Travis Dameron, Mrs. B. C. D. Bynum, and Mrs. Clifford K. Rogers, state chairmen; Mrs. J. A. Barnhill, Mrs. T. B. McCarter, Mrs. W. W. Bridges, Mrs. C. W. Warwick, and Miss Wilida Neely, chapter chairmen.

Esther McCrory chapter includes members from both Amarillo and Canyon.

Sue Hite Sets Talk on Hawaii

Mrs. M. B. Measamer will address the Sue Hite Club at 3:45 p.m. Monday in the Panhandle-Plains Historical Museum.

Her topic will be "Our New State, Hawaii."

Mrs. Measamer, along with 30 other Panhandle residents, toured Hawaii during the summer. They visited Oahu and other islands of the chain, seeing such Hawaiian industries as pineapple and sugar raising, and woodcarving.

Among points of interest visited by the tour was the USS Arizona memorial in Pearl Harbor and Waikiki Beach.

Mrs. E. E. Perkins and Mrs. Henry Osborne will be hostesses.

Halloween Party Held at Wayside

Sixty-six people were entertained at a Halloween party at the Wayside School October 27. Part of the entertainment for the children included bobbing for apples, a treasure hunt, and fortune telling by a gypsy with a knowledge of the past and future.

Adults played "42." Don't try to buck the future—just become part of it.

MIKE DECKER, 12, bagged his first deer on a hunt in New Mexico. He is the son of the former Betty Brown of Canyon. The Deckers presently live in Albuquerque.

CANYON HUNTERS returned home recently after a successful hunt near Aztec, New Mexico. Left to right are: Dannie Brown, M. B. "Farmer" Brown, Cecil Briggs and Mike Decker.

Pontiac tailors body design to a new Wide-Track

Better balance and roadability! Control that can't be copied!

We've built more room and greater roadability into this sleek new '61 Pontiac. There's more headroom, legroom and footroom. Doors are wider and they're designed to open farther for greater convenience.

By trimming side overhang, we balanced more weight directly between the wheels. The '61 Pontiac gives you greater stability. It gives you a greater sense of control for every mile, every maneuver.

Isn't now the time to try the Wide-Track way to travel?

THE ONLY WIDE-TRACK CAR! Pontiac has the widest track of any full-size car with trimmed side body overhang. More weight balanced between the wheels for sure-footed driving stability.

KEEPING UP WITH THE ARTS

Mary Caballero

I recently read a commentary by Rosemary Cobham called "Why Not All Best?" The point she makes is so timely, I thought you might enjoy

reading about it: "A quaint little book has recently come into my hands entitled 'Original Poems for Infant Minus,' by Several Young Persons," published, I see, in 1821.

From a perusal of the book one must suppose that the infant minds of that time were greatly in need of improvement, and the young persons set about their task with relish. Nearly all the poems have a strong moral flavor. There is, for instance, the sad tale of "The Fighting Birds," a tale which should be required reading for all British and American public figures about to write their memoirs. It concerns two little birds who, bickering over a worm, came to a sad end: But now a hawk, whose piercing sight had mark'd his prey, and watch'd their fight With certain aim descended; And pouncing on their furious strife, He stopp'd their battle with their life. And so the war was ended. The moral is obvious, but still another stanza plugs it home to the infant minds.

I am all in favor of poems of this sort pointing morals of this sort, but delving further into this masterpiece of poetic and moralistic effort, I feel there is something wrong about the constant sense of comparison. The good it appears, can only be seen to advantage against the background of the bad.

Rosemary Cobham goes on to say, "Let us have contrast by all means, but why cannot it all be good? Why must it all be good? Why must there always be a best and worst? Why cannot everyone be best, in different ways?"

I hear so many stories these days on this same theme. Usually it comes from adults who were discouraged when they were young not to do anything if they couldn't be a perfectionist at what they tried. They were never encouraged just to enjoy doing anything unless the end results were the "best". They remember that they were the ones never selected for the "contests". In fact many of these people seem to never realize that they do many things well, because they are still trying to measure their work with the best. Lives are dangerously warped by the continuous attitude of others who could be

the ones to help those people who have the feeling they can't measure up.

It is a wonderful thing to dream of anyway. Perhaps the day will come when the joy of doing, the fun of working and learning, the exchange of ideas will be just as important as that big word "success".

Even on television the whole basis of cowboy movie to the selection of toothpaste, is based on the good verses bad theme. If you want to be a "success", use a certain product or else you will not measure up. It surely puts us on the spot when we fail to conform to what is best. Yet, there must be lots of things that will measure up to best, and so when people decide that they may be best in many ways, too, just think how much happier we will all be!

RECORD RAMBLINGS (VIII)

It came to my attention after several of these were published, that the newspaper does not print the names of the various manufacturers of high fidelity equipment. The editing of this from some of the RAMBLINGS has made this non too coherent column more confusing than usual. If anyone happens to be interested in suggested brand name components, write to the Art Editor of the paper who will forward them.

About this time of the year the Hi Fi/Stereo annuals come out. These all have interesting articles, with particular reference to new equipment for the year. The last one across my desk is "Stereo 1961" published by "High Fidelity" magazine. There is the usual recommendations of the best records of the year. There is also a selected group of ten stereo spectaculars which are considered to be the most sensational. These are:

1. "Russian Program" consisting of "Prince Igor" Overture and Prelude act 3; "Fantasia"; "Night on Bald Mountain"; "Russian Easter Overture". Philharmonia Orchestra, Lovro von Matacic, cond. ANGEL S 35768
2. Saint-Saens: "Symphony No. 3, in C". Berj Zamoclian, organ; Leo Litwin and Bernard Zighera, pianos; Boston Symphony Orchestra, Charles Munch, cond. RCA Victor LSC 2341. This may be the recording of this tremendous organ symphony which we have been waiting for.
3. Shostakovich: "Symphony No. 1 in F". Symphony of the Air, Leopold Stokowski, cond. UNITED ARTIST UAS 8004.
4. Stravinsky: "Petrouchka" (complete ballet). London Symphony Orchestra, Sir Eugene Goossens, cond. EVEREST SDBR 3033.
5. Tchaikovsky: "Swan Lake Ballet", highlights. L'Orchestre de la Suisse Romande, Ernest Ansermet, Cond. LONDON CS 6127.
6. "Fantastic Percussion". Ensemble, Felix Slatkin, cond. LIBERTY D-LST 7150.
7. "HAWAIIAN SUNSET", Arthur Lyman Ensemble. HIFI RECORD S 807.
8. "HOLIDAYS FOR PERCUSSION". New York Percussion Trio plus double bass. VOX STVX 25740.
9. "Persuasive Percussion". Terry Snyder and the All Stars. COMMAND RS 800 SD.
10. "White Goddess". Frank Hunter and His Orchestra. KAPP KS 3019.

Haddock Released From Navy

Leroy Haddock was separated from service with the navy October 24.

Haddock, son of Mr. and Mrs. C. W. Haddock, attended Canyon High School and West Texas State College before entering the navy four years ago.

His home ports during the four years were Seattle, Washington, and Pearl Harbor, Hawaii.

Haddock is now working with his father in the construction business.

Museum Receives Hand Car After Funny Letter

Panhandle-Plains Historical Museum was given an old hand car by the Chicago, Burlington, and Quincy Railroad Company after director C. Boone McClure appealed to a friend with the company in a somewhat humorous way.

McClure wrote chief storekeeper of the company, which is better known as Burlington Route in this area, and asked that his wife use her influence to help the museum get the car. In the letter, McClure told his long-time friend that he had assured board members of the museum that Burlington would probably give the museum a car because of his "big-shot" friend in the company.

Chief storekeeper Warren F. Myers forwarded the letter from Nebraska to company headquarters, as he had to present a request for the car in addition to his own request

SURE SIGN of a successful barbecue Saturday was the small mountain of paper plates. Roland Black, Chamber of Commerce manager, said 2,992 tickets were sold.

SOIL CONSERVATION DISTRICT NEWS

The Great Plains Conservation Program has now been in effect for 3 years in this District. Twenty-two farmers have taken advantage of this program to complete the needed conservation work on their farms. The practices used by these farmers or ranchers include diversions, terraces, waterways, livestock water wells, fencing, livestock water pipeline, storage troughs or tanks, pitting rangeland, stubble mulching, crop residue use, contour farming and many others.

By using the Great Plains Conservation Program in conjunction with other available programs a farmer or rancher can complete the needed work on his farm or ranch in a few years following the time that he develops his conservation plan.

Under the Great Plains Conservation Program a farmer or rancher who retires cropland to grass will not lose cropland acreage or acreage allotment history for the number of years following the end of the contract equal to the contract period. A farmer or rancher with a three year contract thus will have protection for three more years after the contract ends.

For further information about the program contact the SCS technicians on the third floor of the courthouse or the Randall-Potter SCD Supervisor in your sub-division.

IT DIDN'T win a prize for most beautiful parade entry but people looked, laughed when the above display marched by. Homecoming parade lasted over 30 minutes.

Adams Have 4th Child

An Umbarger couple, Mr. and Mrs. LaDean Adams, became the parents of their fourth child October 27.

The infant weighed 5 pounds, 10 ounces at birth in Nellie Hospital. She was named Kathleen La Nette.

Kathleen's brothers are Clifford, 2 years old, and Ronnie, 1 year old. A sister, Dianna Marie, is 4 years old.

Maternal grandparents are Mr. and Mrs. Max Hoffman of Umbarger.

Mr. and Mrs. W. L. Adams
